State Waste Discharge Permit No. ST-7377

FIRST ADDENDUM TO FACT SHEET

March 28, 2006

This is the first addendum to the fact sheet accompanying State Waste Discharge Permit No. ST-7377, issued to Ocean Beauty Seafoods, Inc., located at 14651 – 172nd Drive SE, Monroe, Washington.

The Department of Ecology is proposing to modify State Waste Discharge Permit No. ST-7377, which was issued to Ocean Beauty Seafoods, Inc., on August 6, 2004, allowing discharge of pretreated seafood processing wastewater to the City of Monroe Wastewater Treatment Plant. Ocean Beauty Seafoods formally requested a flow increase on January 5, 2006, by submitting an amended State Waste Discharge Application.

Ocean Beauty Seafoods, Inc., has requested a permit modification to reflect the increase in process wastewater discharge to the City of Monroe facility, from a daily maximum limit of 45,000 gallons to 50,000 gallons.

DECISION

Ecology has agreed to modify State Waste Discharge Permit No. ST-7377 to reflect the increase in daily maximum flow.

PERMIT MODIFICATIONS

The Department is proposing to modify State Waste Discharge Permit No. ST-7377 as follows:

1. Page 5; change the Maximum Daily Flow from 45,000 gallons to 50,000 gallons per day.

The changes made in this permit are consistent with WAC 173-216-120.

PUBLIC NOTICES

The proposed changes to this permit are considered to constitute a major modification under 40 CFR 122.62. Consequently, the draft permit modification is required to be published for a 30-day public review and comment period. This modification was published in *The Everett Herald* on February 17, 2006, to inform the public that an application for modification had been submitted and to invite comment on the proposed permit modification.

No comments were received during the 30-day public comment period.
